PALAEO

Contents Volume 140, 1998

Special Issue: Limno-geology — Research and Methods in Ancient and Modern Lacustrine Basins

Preface
N. Noe-Nygaard 1
Quantifying denudation and sediment–accumulation systems (open and closed lakes): basic concepts and first results
G. Einsele and M. Hinderer 7
The laminated sediments of Loch Ness, Scotland: Preliminary report on the construction of a chronology of sedimentation and its potential use in assessing Holocene climatic variability
M.C. Cooper and P.E. O'Sullivan 23
Monitoring detrital input and resuspension effects on sediment trap material using mineralogy and stable isotopes ($\delta^{18}O$ and $\delta^{13}C$): the case of Lake Neuchâtel (Switzerland)
M.L. Filippi, P. Lambert, J.C. Hunziker and B. Kübler 33
Late glacial and early Holocene palaeoenvironmental changes in Geneva Bay (Lake Geneva, Switzerland)
A. Moscariello, A.M. Schneider and M.L. Filippi 51
Severe drought in the early Holocene (10,000–6800 BP) interpreted from lake sediment cores, southwestern Alberta, Canada
B.W. Scharf 75
Eutrophication history of Lake Arendsee (Germany) [1]
B. Beierle and D.G. Smith 85
The upper Quaternary sedimentary sequence at the Rieti Basin (central Italy): a record of sedimentation response to climatic changes
G. Calderini, G. Calderoni, G.P. Cavinato, E. Gliozzi and P. Paccara 97
Contribution to the lithostratigraphy and history of Lake Ladoga
D.A. Subetto, N.N. Davydova and A.E. Rybalko 113
Timing and temperature of decollement on hydrocarbon source rock beds in cyclic lacustrine successions
J. Parnell, P. Carey and B. Monson 121
A Late Triassic lake system in East Greenland: facies, depositional cycles and palaeoclimate
L.B. Clemmensen, D.V. Kent and F.A. Jenkins Jr. 135
Carbonate deposition in an ephemeral siliciclastic alluvial system: Jurassic Shuttle Meadow Formation, Newark Supergroup, Hartford Basin, USA
E.H. Gierlowski-Kordesch 161
Tectonic and volcanic controls on Early Jurassic rift-valley lake deposition during emplacement of Karoo flood basalts, southern Namibia
H. Stollhofen, S. Gerschütz, I.G. Stanistreet and V. Lorenz 185
Lacustrine sedimentation in the diapir-controlled Miocene Bicorb Basin, eastern Spain
P. Anadón, F. Robles, E. Roca, R. Utrilla and A. Vázquez 217
Continental, brackish and marine carbonates from the Lower Cretaceous of Kolone–Barbariga (Istria, Croatia): stratigraphy, sedimentology and geochemistry
M. Dini, G. Tunis and S. Venturini 245
The syn-volcanic Naajaat lake, Paleocene of West Greenland
G.K. Pedersen, L.M. Larsen, A.K. Pedersen and B.F. Hjortkjær 271
Laminated Eocene maar-lake sediments from Eckfeld (Eifel region, Germany) and their short-term periodicities
J. Mingram 289
Evidence for Late Glacial and Holocene environmental changes from subfossil assemblages in sediments of Lake Neuchâtel, Switzerland
A. Schwalb, P. Hadorn, N. Thew and F. Straub 307

Palaeoenvironmental analysis of Early Pleistocene brackish marshes in the Rieti and Tiberino intrapenninic basins (Latium and Umbria, Italy) using ostracods (Crustacea)
E. Gliozzi and I. Mazzini 325
Palaeolimnological investigations in Poland based on Cladocera (Crustacea)
K. Szeroczyńska 335
The use of the microalga *Botryococcus* in the interpretation of lacustrine environments at the Jurassic–Cretaceous transition in Sweden
D. Guy-Ohlson 347
Environmental implications of oncoids and associated sediments from the Remoredo Formation (Lower Jurassic) Mendoza, Argentina
S. Lanés and R.M. Palma 357
Trace fossil analysis of lacustrine facies and basins
L.A. Buatois and M.G. Mángano 367
Trace fossils and rhizoliths as a tool for sedimentological and palaeoenvironmental analysis of ancient continental evaporite successions
J.P. Rodríguez-Aranda and J.P. Calvo 383
Comparative sequence stratigraphy of low-latitude versus high-latitude lacustrine rift basins: seismic data examples from the East African and Baikal rifts
C.A. Scholz, T.C. Moore Jr., D.R. Hutchinson, A.Ja. Golmshtok, K.D. Klitgord and A.G. Kurotchkin 401
Natural environmental changes indicated by Late Glacial and Holocene sediments from Lake Constance, Germany
M. Wessels 421
Vibracoring: a new method for coring deep lakes
D.G. Smith 433
Surface analytical techniques applied to calcite: evidence of solid-state diffusion and implications for isotope methods
S.L.S. Stipp 441
Magnetostratigraphy and sedimentologically derived Geochronology of the Quaternary lacustrine deposits of a 3000 m thick sequence in the central Qaidam basin, western China
Liu Zechun, Wang Yongjin, Chen Ye, Li Xuesong and Li Qingchen 459
